In our book, Reason in the Balance: An Inquiry Approach to Critical Thinking, we have attempted to provide such preparation through an approach to critical thinking instruction which focuses on the process of arriving at a reasoned judgment (a process we refer to as critical inquiry, or simply inquiry). This approach shifts the Reason in the Balance: An Inquiry Approach to Critical ...

Unlike most texts in critical thinking, Reason in the Balance focuses broadly on the practice of critical inquiry, the process of carefully examining an issue in order to come to a reasoned judgment.

"Reason in the Balance: An Inquiry Approach to Critical Thinking is distinctive in the emphasis it places not only on tools of critical inquiry (principles of logic and argumentation, etc.) but also the values and mindset that are required for the proper exercise of these tools, values like open-mindedness and fair-mindedness and critical scrutiny of assumptions. My own view is that critical Reason in the Balance: An Inquiry Approach to Critical ...
