**The Decline of Intelligence in America: A Strategy for ...**

Itzkoff places most of the blame for America's alleged intellectual decline on what he sees as an economically and intellectually elite cast of misguided liberals. They have isolated themselves from American society, he says, by their paternalistic treatment of the underclass, by discounting the importance of traditional family values and by failing to raise enough bright children to sustain national competence. The New York Times Book Review Few doubt that the United States has slipped from
